Support Webinar for New League Teams

You may be wondering whether the time is right for your women's section to be taking the step of entering the RFU Women's Leagues.

But how do you know if you're truly ready? What does it really take to make the leap from playing friendlies or flexible fixtures in the Inner Warrior Series? What experiences have other teams have who have previously taken that step?

With applications now open for the 2024/25 Women's Leagues, we would like to invite teams considering entering for the first time to attend an online session unboxing some questions and key competition regulations. We will hear from teams across the country who have previously made the jump into the league pyramid and hear some key lessons they've learned. There will be the opportunity to ask questions both prior and during our session on Zoom which will hopefully help you decide whether the RFU women's leagues are right for you and your club for season 2024/25.

Register **HERE** for our session that will take place at **7pm on Zoom on Monday 15 April.**

If you are a new team and are unsure of the level that you should be looking to enter then please look at the accompanying criteria document for guidance. Where appropriate, we will liaise with your local Competitions Development Officer to ensure that you are placed in an appropriate competition.

Please be aware that submitting an entry to play at a certain level does not guarantee entry at that level.

Cup Competitions

The Papa John's Women's Community Cup Competitions will return for the 2024/25 season. Further information and entry process will be sent out in the coming months.

If you have any questions, please contact womenscompetitions@rfu.com.

Kind Regards,
Competition Operations Team
