I have worked with the above schools since September, all have been delivered T1 rugby. As of yet I haven't handed out a flat pack to every school as I'm not confident quite yet that they will be utilised at every school. But still working with the individuals to help improve this.

All of the above have been given brief information on the festival we are looking to run in May/June and all very keen to come along. We haven't set a date as of yet as still working with Novos Rugby Club to see which dates best fits them.

After my meeting with Zoe last week, she has given me info and some good contacts to help me get into some more schools in the area, (Kenton Secondary, St Marys and QEHS) both linked with Novos Rugby Club and Tynedale RFC.

My plan moving forward is to continue working with some of the schools above and developing there links with clubs further and also getting into the new schools mentioned and trying to push those kids across to Novos RFC.
