Regulation Amendments

Any regulatory updates for the women's game will be shared in due course, alongside the Season Briefing document for 2025/26.

Game Management System (GMS)

From **1 July**, players will need to renew/register with their club through GMS. To do this, they must have a verified email address linked to their account.

Also, as in previous seasons, make sure players are correctly assigned to the appropriate team(s) so they can be selected for Electronic Match Card line-ups. Further education on this will be provided ahead of the season start date.

Fixtures

We aim to release league fixtures for the Women's League Structure by **late June**.

Inner Warrior Series schedules will be published around the same time, subject to final confirmation with the participating clubs.

Travel Funding

An update regarding travel funding for the 2025/26 season will be shared in the coming weeks.

League Feedback

The league structures shared are provisional, and we welcome your feedback. Please send any queries to **womenscompetitions@rfu.com** by **Sunday, 8 June at 23:59**.

While all feedback will be considered, please note that not all requests may be actioned.
